	Tantalum		

## COATING

We offer various coating options for increased corrosion protection, lubricity, Field life, Serviceability and Global Acceptance. They are:-

Electro Zinc Plating	Electro Zinc / Nickel Plating
HOT-DIP Galvanising	Phosphatic Coating
PTFE - Fluorocarbon Coating	Electroless Nickel Plating
Aluminizing	Electro Cadmium Plating
Ceramic Filled Fluorocarbon Coating	Dacromet 320/500 Coating
Nickel Plating	Pickling & Passivation
Mechanical Zinc Coating	Silver Plating
Electro Zinc / Cobalt Plating	

## QUALITY ASSURANCE

We are ISO 9001 QMS Certified Company. We follow stringent Quality Control measures for ensuring dimensional chemical & mechanical properties of our products. Our Quality assurance system assures each product to pass through following processes and quality systems.

- » Material Control System
- » Process Control system
- » Machining & Dimensional Control
- » Certification & Supplementary Test
- » Finishing & Marking
